## TELEHEALTH NETWORK UPDATE

### USAC

I will start processing your form 466 and 466A for the 2006 funding year that begins on July 1, 2006. In the last Rural Health Care/USAC conference call they said that it will be early fall before they begin processing the 2006 forms. Please make sure that I have a current copy of your T1 line bill (May 2006). I want to compare the amounts you are receiving to the amount that I requested for the 2005 funding year.

Please call if you have questions.

### Connecting

Just a reminder that it is important to contact us at least 2 days prior to video conferences. It is important that we know how many sites there will be for each meeting or program. Due to the limited bridge capacity, there are times that we need to use other site's bridges. Thank you for your cooperation with this.
