December News/Calendar

We are still awaiting the final commitment letters from USAC for the current filing year. It is extremely important that you continue to pay ONLY \$100. every month and once the USAC funds start paying your bill should once again equal out. I am still in the process of working with Windstream to review every site billing from the installation so if there are over or under payments that need to be corrected, we will notify you.

Great News!! As part of the appropriations grant the network recently received, funding is allowed for someone to do all the USAC filing for the State! We will be turning everything over to Lesley Bollwitt-Maria in Kearney by mid December. She will receive the copies of the monthly bills and be your contact for USAC questions. As we make this transition, we will forward all of you Lesley's contact information.

Use of the scheduling website continues to be

increasing. Just a reminder—anytime you wish to connect for a program and/or meeting on the network must be requested prior to that program on the scheduling website. If you wish to host a program, be sure to contact your hub site for bridge information prior to scheduling the event to make sure space is available. If you have questions or problems with the site, please call Carol or your Hub site contact if different than BLGH.

ADDITIONAL

“To Remember” INFO!!

Please remember to connect to your hub site bridge the 2nd Friday of each month sometime between 1:45-2:00 for the monthly network test. It is very important that each site do this testing as regular as possible.

1. WHO LOST \$8000 IN "IT'S A WONDERFUL LIFE"?
