TELEHEALTH NETWORK UPDATE

State Network Announcements

The Nebraska Statewide Telehealth Network, (NSTN), Governing Committee was organized for the purpose of maintaining and managing the statewide network. This committee is made up of representatives from all of the Hub sites across the state and has the responsibility of overseeing the structure and use of the network. The current co-chairs of the committee are Dale Gibbs from Good Samaritan Hospital in Kearney and Donna Hammack from St. Elizabeth in Lincoln. The co-chairs remain in place for two years, but have alternate years to be replaced.

Each Hub site has a member and alternate member for representation. Only one of the members from each hub is a voting member. If you have problems or issues that you feel need attention, you should contact your hub representative who will then take the issue to the Governing Committee.

Meetings are held the 4th Friday of each month. Quarterly meetings are combined with the NITC and other outside interested parties. Most of these meetings are video conferences and anyone is welcome and encouraged to participate in the quarterly meetings whenever possible. Friday, Feb. 22 at 10:00 am is the first of these meetings for the new year. You can register to participate on the scheduling website.

Other committees for the network include the scheduling committee, technical committee, clinical committee and the educational committee. If you are interested in receiving information about any of these committees, please contact Kandi or myself.
